

RITE NOW @ ROP

Saturday, August 27th was a powerfully positive and active day at Walton Academy for Growth and Change.

First up in the morning, staff and student athletes welcomed a local team from Laurel Hills High school for a friendly basketball game. The staff and athletes from Laurel Hill were wonderful visitors, and both teams showed great skill and sportsmanship during an active, physical game. The morning started out with a prayer circle and ended with friendly handshakes after the WAGC team pulled off a 12-7 win.

Next was a visit from Mama Rita and the inspiring and uplifting group, Hope 4 The Hood (H4H). Graced by the presence of Mr. Hassan Hills, founder of Youths Left Behind, Deondre Turner, speaker and Christian Hip Hop artist, Ann Williams, and artists Deondre & Kendra, student athletes were captivated by the inspirational messages and encouragement given by each speaker. It was a great day for all and we look forward to the next time H4H visits WAGC.
